Abdelkader Harrouz is a Professor at LDDI Laboratory, Université Adrar, Algeria. He received his M.S. degree and Ph.D. degree in electrical engineering from Université Bechar in 1996 and 2001, respectively. He has published several journal papers, book chapters and conference papers. He has also chaired and co-chaired numerous sessions and special sessions on intelligent control and machine learning techniques issues. His current research interests focus on artificial neural networks, adaptive control systems, neuro-control, and especially their applicability to robotics and to active power filtering. Pr. Dr. Abdelkader is a member of IEEE since 2019 and editor of AJRESD Journal.
