

THANIKANTI SUDHAKAR BABU (Senior Member, IEEE) received the B.Tech. degree from Jawaharlal Nehru Technological University, Ananthapur, India, in 2009, the M.Tech. degree in power electronics and industrial drives from Anna University, Chennai, India, in 2011, and the Ph.D. degree from VIT University, Vellore, India, in 2017. He worked as a Postdoctoral Researcher with the Department of Electrical Power Engineering, Institute of Power Engineering, University Tenaga Nasional (UNITEN), Malaysia.

He is currently working as an Associate Director R & D, Associate professor with the Department of EEE, Chaitanya Bharati Institute of Technology, Hyderabad, India. He has published more than 150 research articles in various renowned international journals. He has received Vice-chancellors research excellence award 2023 from Osmania University, Hyderabad. His research interests include design and implementation of solar PV systems, renewable energy resources, power management for hybrid energy systems, storage systems, fuel cell technologies, electric vehicle, and smart grid. He has been acting as an Editorial Board Member and a Reviewer for various reputed journals, such as the IEEE and IEEE Access, IET, Elsevier, EPCS, and Taylor and Francis.

Publications Research Outcome Insight:

• Scopus Citations	: 3950	• Google Scholar Citations	: 4740
• Scopus H index	: 31	• Google Scholar H Index	: 33
• Total No. of Scopus Indexed articles	: 157	• Average IF of SCI articles	: 8.25
• SCI Indexed Articles	: 121	• Highest Impact Factor	: 14.982
• Scopus ID	: 56267551500	• Web of Science Researcher ID	: L-6616-2017
• ORCID	: 0000-0003-0737-3961	• Google Scholar ID	: utxICFEAAAAJ

Paper ID : 12

Title: A Reliable Technique for Power Generation Enhancement in Unsymmetrical PV Arrays during Partial Shading
